

Guidelines for Capstone-I project

General Instructions:

- Each student must successfully complete the project within timeline and guidelines of the project.
- The groups will be formed for the project and each group will have five students. Once the group is formed by the instructor, the students will be informed about their group.
- Then students of each group may discuss among themselves and decide the topic of their interest. Once the topic of project is confirmed by the instructor, each group will start working on their project.
- A doubt clearing session of two hours will be conducted every week and it will be scheduled in the time table. The students are encouraged to ask the questions they have about their project in that duration.

Evaluation: It will be evaluated out of 100 marks. The reports submitted by the students will be checked for plagiarism.

Mid-Semester evaluation[30 Marks for Report]:

- **Each student from the group** must submit the report on moodle based on the work they have completed till mid-semester individually. The mid-term evaluation will be done based on the report submitted by each student.

End-Semester evaluation[30 Marks for Report and 40 Marks for presentation]:

- **Each student from the group** must submit the final report on moodle based on the work they have completed individually.
- Each group should prepare the slide and present their work as per the schedule The schedule will be shared with students well in advance.
- A three member committee (the course instructor and two other faculty members) will evaluate the presentation skills and work done by each student. The students will be asked questions based on their work by committee members during the presentation.
